"They told me that I had leukemia and that involves a lot of chemotherapy... so I wasn't at school for the rest of grade 10 and then I slowly started going back in grade 11. It was a difficult transition...With my mother having to stop work, it was a bit of a struggle for her in terms of financing."

~Steve Plunkett, 2004 Bursary Recipient.

Cancer survivor, diagnosed with Leukemia in Grade 10.

About INFUSION Canada:

INFUSION Canada is a federally registered Canadian charity with operating chapters in London, ON, Toronto, ON and Hamilton, ON. Our organization is made up of 100% unpaid volunteers.

INFUSION focuses on fostering innovation, leadership and growth in young Canadians supporting cancer survival. Our organization encourages the active participation of patients and survivors in the recovery process by forming support groups, creating opportunities for awareness and education, and developing life and leadership skills.
